

May 25, 2018

Dear 4-H Families Exhibiting Cattle,

During the last couple of years the 4-H Dairy Beef, Dairy Feeder and Beef Committees have discussed replacing the cattle scale that is located in the west end of the Cattle Barn at the Wells County 4-H Park.

The present scale was purchased in the mid 1960's. It was updated with a digital viewing box a few years ago but it is a challenge to get the scales to balance during the required annual inspection before the fair.

Approval was recently given to begin raising funds to purchase a new scale with an estimated cost of \$5,500 - \$6,000. If you would like to be a part of this effort, please complete the form below and return it to the Wells County Extension Office.

We are in the process of checking to see if we can order the scales and receive in time for this year's fair. If this is not possible, we will have it in time for our 2019 weigh in days and for future 4-H fairs.

Please feel free to contact Karl Steiner, 260-827-8299 if you have any questions.
